February 2010

Events Calendar	
2/1/2010	Club Meeting
3/1/2010	Club Meeting
4/5/2010	Club Meeting
4/24/2010	Club Auction
4/24/2010	Last Day for Club Dues

**Numb Thumbs Fly-In:** The New Years Day fly-In was a great success! We had a lot of members show up and have a great time. The weather was perfect as it was the calm before the storm. The road was in great shape and was easy to drive on. Hope to see more members next year.

**Field Noise:** In order to keep nearby neighbors and residents happy, a person can fly **and/or run up engines/motors** on the following days at the following times: (This is a rule and there are no exceptions).

- **Monday to Friday from 10:00 AM to 8:00 PM (9:00 PM limit for electrics only)**
- **Saturday: from 9:00 AM to 8:00 PM (9:00 PM limit for electrics only)**
- **Sunday: from 9:30 AM to 6:00 PM**

This is from the club rules off of the club website. Please adhere to these rules.

**Policing the field:** If you see someone who you don't know at the field as a member you have every right to ask them who they are. If they are not a member then please ask them who their escort is and if not escorted by a member please ask them to leave. Also get as much info from them and let an officer know the situation.

**CLUB MEETINGS:** All members are welcome and urged to come to the monthly meetings that take place on the first Monday of each month. When the first Monday of the month is a holiday, the meeting will take place on the following Monday. **The meetings start at 6:30 p.m.** We meet at the Goldenrods Restaurant.

**Club Dues and AMA cards:** Dues are \$30 for regular members and \$15.00 for members 62 and over. Please get your 2010 AMA card now! You cannot fly at the field until you have this! If you don't pay your dues on or before April 24<sup>th</sup> at the auction, you will be charged the initiation fee again.

**Projects:** We are at this time looking to do some work at the field this spring. Some people are looking into building some new tables at the field and a few of us are looking into adding a battery and solar panel onto the shield for a charging station. We also have some people looking into the tree cutting project again.
