Family Day: Has been cancelled until September 25th, 2010. We will be talking more about Family Day at future club meetings.

Tree Cutting: An update on tree cutting is the machine that was going to be used has broken down and will not be repaired for some time. So for now we will be postponing the tree cutting until at least the fall when hopefully the machine will be fixed. Also if anyone wants to donate to the tree cutting fund it would be appreciated as our bank account is getting low.

Toughjets.com: We had Wayne show up Saturday July 17th, 2010 (“Family Day”) with his F-14 electric jet which a few of us tested. Rich had a great time with it as well as [Doug](#) (Click on Doug’s name to see his plane fly) and I was lucky enough to test how well it survives a crash. It was a minor crash with no damage done so yeah it is a toughjet! It is a very nice flying plane and yes, I did take video. We are going to see if AI can put a link on our
