Revised May 2010

The agenda for field day we will be building two new tables (The tables that had the metal pipes and tarps on them), some people should be getting new reels to be used as tables, build a ramp for the shed, cut the grass, put a lock on the shed, and paint as much as we can. After everything is done it's time to fly! Food will be provided but we are asking people to bring a dish if you can (i.e. beans, chili, potato salad, pasta salad, etc.). After the projects are taken care of it is flying time!
